

## Halloween Stitch Along

Ghost

We are so excited to bring you our newest Stitch along project just in time for Halloween we introduce our cute little Ghost. Halloween is full of ghoulish fun and bumps in the night, and this little guy is so much fun to stitch. We will be uploading the instructions on to our YouTube channel starting on the Wednesday 12th October and they will run over a few days so you can actually stitch along with Sarah.

The Ghost is available as a material pack\* including hoop, fabric and needles or you can download the PDF tracing from the website

\*no instructions are included as they are all via video on our YouTube Channel in can be found below!

### Also available our Pumpkin

We created this pumpkin a few years back in October 2019 but the material pack is still available as are the videos on YouTube if you want to have a go.

We also have lots of other stitch along projects on YouTube
